

## Technická inšpekcia, a.s.

Trnavská cesta 56, 821 01 Bratislava  
Slovenská republika

### AUTHORISATION

Registration number: **105/3/2014 – PZ – O(OU,R,M) – Af,g,h Bf,g,h**

issued by Technická inšpekcia, a.s., Trnavská cesta 56, 821 01 Bratislava, in line with Article 14(1)(a) and Article 15(4) of the Act 124/2006 Corpus Juris on occupational safety and health and on amendments of certain acts as amended, upon technical opinion no. 1656/3/2014 on assessing professional competence of the employer:

Name and principal office: **TECHNOMONT, s.r.o., Stanča  
L. Novomeského 1  
040 01 Košice**

CRN: **36 209 813**

For the operations as follows:

- O** **Repair of specified technical gas equipment within**
- OU** **repair and maintenance**
- M** **functional assembly at the future operation site**
- R** **reconstruction**

Within:

**gas equipment group A for:**

- f** reduction of gas pressure with maximum operating pressure at inlet higher than 0.4 MPa
- g** gas distribution with pressure exceeding 0.4 MPa and acetylene line
- h** gas combustion at the output of an individual or aggregated outputs of individual devices creating a function unit exceeding 0.5 MW, including equipment for production of shielding gases during heat treatment

**gas equipment group B for:**

- f** reduction of gas pressure with maximum operating pressure at inlet higher than 0.4 MPa including output over 25 Nm<sup>3</sup>/h except equipment included in group B, letter g)
- g** gas distribution including adjusting device at the gas feeder line with output of gas take-off device up to 25 Nm<sup>3</sup>/h which includes the maximum operating pressure at inlet by 0.4 MPa inclusive, except gas line intended for distribution of acetylene
- h** gas combustion at output of individual or aggregated outputs of individual devices creating a function unit ranging between 5 kW and 0.5 MW including equipment for production of shielding gases during heat treatment, which demands flue gas ducting.

**Medium: heating and technical gases**

The authorisation holder is hereby obliged to adhere to conditions laid down in the technical opinion 1656/3/2014 dated 28-04-2014.
